American Numismatic Society,—

Will you kindly let me know if I can procure from some source, one of the Tech medals, of the Robert Aitken design?

I shall appreciate being told about the cost of one also—

Yours sincerely

Dear Madam:-

In view of the circumstance that the Foch Medal you desire is intended for Mr. Woodbury, I will arrange to have one ordered in my name and sent to you. This is to fulfil the letter of our rule that the subscription is limited to members only.

The bronze copies are Five Dollars; the silver Ten Dollars. I enclose an order blank for your use.

Very truly yours,

Secretary

Secretary —
Sir —

As you were so kind in helping me secure a Foch medal for my brother — John C. Woodbury — last year, I venture to further trouble you that I may find out if there are any recent, or projected medals from your

Society, that I might get for my brother this year?

Trusting that you may be willing to help me in this matter again this year, believe me

Very Sincerely Yours

Ramon Eastwood

Dear Madam:

In reply to your letter of November 25th addressed to Mr. Noe, who is at present abroad, I beg to advise that we have issued no medals since that of Foch which came out about the same time as the Choate medal, which we can no longer supply. As far as we know, there is no likelihood of the Society striking another medal in the near future.

Very truly yours,

Acting Secretary & Curator
